

THE BRIDGE

LAMB - LATIN AMERICAN MINISTRIES BRIDGE

BY JULIO Y ANGELA STERLING, FOUNDERS

This is a good time to meditate, think about whom we really are and identify the plan of God in our lives. Perhaps it is time to understand that our passage through life is ephemeral, short and therefore instead of worrying we should focus on the things of now and not the things of tomorrow. We urge you to make an effort to grow internally to live a responsible life, in what concerns you and to depend on the grace, mercy and love of God in everything else.

In times like these, it is extremely important to make an intentional effort to keep our minds focused on the blessings we have and not on the things we have no control over. Most people believe that everything we do has a purpose and others do not. The truth is that, everything has a purpose with positive or negative consequences. If you first meditate a little on what life is and objectively on what we are in this short time, you will realize that life is a chain of situations, decisions and consequences. You will also realize that the situations we have that affect our lives are infinite and unpredictable and only end when the person dies. Our goal should always be to experience the glory of God and wait for the manifestation of his spirit like never before in the midst of the times in which we are living. Feel his peace and know that God has a clear vision for this time and his vision is and will always be perfect. Because it does not depend on what we see, his vision has no limits, dimension or time.

God Bless you!

LAMB USA

LAMB locally blessed the homeless in the Kissimmee area with 70 bags of love with essential items. And in coordination with La Rosa Realty donated baskets of thanksgiving to HOME Ministries for each of the families. It was a very emotional time and a lot of grateful mothers and their children.

Thanks to each one of the friends and collaborators of LAMB we were able to bless many people.
